Rishi Jha

USER EXPERIENCE DESIGNER

Portfolio | linkedin.com/in/rishi5462 | tarunjha.rishi@gmail.com | +91 6207776504 | behance.net/rishijha5462

PROFILE

UX/UI and Product Designer with hands-on experience across government, enterprise, and startup platforms, specializing in ideation, wireframing, and high-fidelity prototyping. Grounded in user research and usability testing to validate and iterate on design decisions, with experience contributing to design systems that ensure visual consistency across touchpoints. Proactive and curious collaborator who works closely with cross-functional teams of designers, engineers, and product managers using Figma and Adobe Creative Suite, and can clearly articulate design process and decisions from concept to shipped product.

EDUCATION

MIT Institute of Design, Pune, India *Jul 2023 - Present*
Bachelor of Design (B.Des) in User Experience Design

Dr. D Ram DAV Public School, Patna, India *Jun 2016 - Jun 2022*
12th (PCM)

EXPERIENCE

- **Leaf Design** *May 2026 - Jul 2026*
  UX Design Intern | Mumbai, India (On-site)
  - Contributed to UX/UI design across client projects, supporting user research, wireframing, interaction design, and high-fidelity interface development.
  - Partnered on projects for clients including Kotak and MoneyControl, translating business requirements into clear, scalable, user-centered experiences.
  - Collaborated with designers and stakeholders to refine design solutions across multiple iterations, incorporating feedback into revised prototypes.
- **Wargstech** *Jun 2025 - Nov 2025*
  Visual Design Intern | Pune, India (Hybrid)
  - Led UX/UI restructuring and redesign of the Maharashtra Council of Homoeopathy portal across Admin, Practitioner, and Citizen user flows, improving information hierarchy and workflow clarity.
  - Redesigned system dashboards to reduce interface complexity and improve task efficiency for end users.
  - Collaborated with cross-functional stakeholders, including government officials from the Maharashtra Medical Council and development teams, to align design solutions with policy and technical requirements.

SELECTED PROJECTS

- **Government Portal Redesign**
  Government · UX/UI View project
  - Restructured and redesigned the Citizen, Practitioner, and Admin portals for the Maharashtra Council of Homoeopathy, improving usability and information hierarchy across key user flows.
- **Kotak Alternate Asset Managers**
  Financial Services · Website UX View project
  - Designed key sections and user journeys for Kotak's investment advisory platform, focusing on clear content architecture, improved navigation, and a premium, trust-focused user experience.
- **MoneyControl**
  Financial Media · Digital Platform View project
  - Worked on redesigning core sections of MoneyControl's digital platform, with a focus on information architecture, content discovery, visual hierarchy, and user flows to improve engagement and accessibility.
- **Avasa - Home Maintenance Automation**
  Academic Project · UX/UI View project
  - Designed a one-stop platform concept for home and auto service management, covering end-to-end user flows from request to service completion.

CERTIFICATIONS & ACHIEVEMENTS

- Winner, Samsung Design Hackathon - Samsung R&D (Aug 2025)
- Foundations of User Experience (UX) Design - Google
- Ab Initio: Games as the Origin of HCI - HCI Professionals Association of India (HCIPAI)
- Introduction to UI/UX Design - Le Wagon
- Elements of AI - University of Helsinki

COMPETENCIES & TOOLS

- **Core:** Visual Design, Interaction Design, Ideation, Wireframing, High-Fidelity Prototyping, User-Centered Design, Information Architecture, Design Systems, Accessibility (WCAG), User Research & Usability Testing
- **Methods & Workflows:** Cross-Functional Collaboration, Rapid Prototyping, Heuristic Evaluation, User Journey Mapping, AI-Enabled Design Workflows, Design Handoff
- **Tools:** Figma, Adobe Creative Suite (Photoshop, After Effects), Webflow, Framer, Antigravity
